Visit [EnergyWiseNebraska.com](https://EnergyWiseNebraska.com) for specific electric vehicle (EV) program details.

### Residential:

#### Pre-wiring:

- New construction: \$400 incentive for pre-wiring for an EV charging station.
- Existing construction: Incentive is 100% of costs (maximum of \$600) for pre-wiring for an EV charging station.

#### ChargePoint Charging Station:

- \$500 incentive for the installation of an EV charging station.
- ChargePoint, WI-FI enabled station.

### Commercial:

#### Commercial Charging Station:

- Direct Current Fast Chargers (DCFC) must be preapproved before equipment is ordered.
- Charging stations must be available for public use 24/7.
- DCFC: Limit of one per business location (50 kW minimum rated charging capacity).
- Level 2 charging stations: Up to four per business location.

#### For Non-Profit Organizations:

- 90% reimbursement for the installation of an EV charging station.
- Grants, discounts, etc., are deducted to determine customer's cost.
- Incentive is based on the lower of two qualified bids.

#### For All Other Businesses:

- \$200/kW of charging station capacity.
- Incentive is capped at 50% of charging station cost.

#### Commercial Charging Station Conduit:

- Incentive is 100% of the installation costs (maximum of \$1000) for conduit for a public EV charging station.
  - For new construction only.

### EV Promotional Events:

- 100% reimbursement of event expenses (up to \$2,000) associated with an EV event.
  - Primary focus must be the promotion of EVs (i.e., ride and drive events, dealership promotion of new EV models, home shows, etc.).

## Follow these easy steps

- Visit with your electrical utility to discuss your EV and charging needs and pick up an application form.
- Some programs require pre-approval prior to purchase and/or installation.
- Incentives may have a limited time for purchase and/or install, which can expire.
- Once approved, there will be a time period to provide proof of purchase or installation.
- Submit payment request after purchase and installation.

Incentives valid as of 1-1-2023. Subject to change without notice. Verify incentive amounts and program information at [EnergyWiseNebraska.com](https://EnergyWiseNebraska.com). Sponsored by Nebraska Public Power District in partnership with its Wholesale Utility Customers.
